¹⁵ Regulatory compliance requires paid subscription. Additional fees apply for more than 200 assets.

¹⁶ Sage Software is not liable or responsible for any fines or penalties that may result from errors in your company accounting records. The Internal Accounting Review is not intended to uncover all questionable transactions.

¹⁷ Internet access required. See www.peachtree.com/banks for a current list of supported banks, which is subject to change. Your bank may charge a fee to download statements.

- 18 Subject to approval and to Sage Software terms of service. Additional fees, internet access and checking account required.
- 19 Quicken versions 2003-2006.
- 20 Versions 2005 – 2008. Excludes conversion of QuickBooks individual payroll transactions. For additional information on conversion limitations, please visit www.peachtree.com/qb
- 21 Multi User licenses available in of packs of 10, 15, 20 or 30. A maximum of 30 licensed, named users is allowed. Only the first 30 named users selected in the user maintenance screen are considered licensed, named users.
- 22 Remote access is available via Terminal Services and requires Microsoft Windows Server 2003, 2000 Server, and XP Pro licenses. For multiple remote users, Windows 2000 Terminal Services Client Access license required for each user.
- 23 The Peachtree Business Care Plan (which includes product upgrades, updates, and customer support) will be renewed automatically each year on the anniversary date of your purchase unless you terminate your agreement prior to that date. Renewal is not required to continued access to product updates for supported versions.
- 24 Sage Software reserves the right to limit each support call to 1 hour or 1 incident. Hours of operation are Monday-Friday from 8:30 AM – 8:30 PM eastern time, excluding occasional exceptions for observed holidays, company events, and extreme conditions beyond our control.
- 25 Multi-user performance gains for 5 users or less, are realized in the Peachtree 2007 products with the exception of Peachtree First Accounting and Peachtree Accounting.
- 26 Performance results are based on recommended system requirements for Peachtree Premium Accounting 2008. Results may vary based on configuration, size and content of data file, system and network traffic. For information on testing environment refer to www.peachtreequantum.com/test09.
- 27 Peachtree does not impose a hard limit on database capacity, however, individual performance will vary depending on actual number of transactions, database size and number of concurrent users. Data management efficiencies are also realized in the Peachtree 2009 products.
- 28 Includes over 230 federal and state forms. Check form availability at www.peachtreepayroll.com. Requires subscription to Peachtree Simple Payroll or Peachtree(select)Payroll. Additional fees required. Not intended for use with dot matrix printers. Forms for PR and USVI are not supported.
- 29 Peachtree Today has been removed. In Peachtree Complete Accounting or higher it has been replaced by the Business Status Center.
- 30 Retainage is available only in companies using accrual based accounting.
- 31 Authorized signature required. Requires concurrent subscription to Peachtree Payroll Tax(update)Service. Internet access and valid e-mail address required. Additional fees may apply for late filing. Subject to third party terms and conditions.
- 32 Upon upgrading to Peachtree 2009, 3 years of converted Peachtree Financial Statement data and account balance data on General Ledger reports will be readily accessible, as well as any future closed years will be available.
- 33 Microsoft Windows XP Home Edition and Windows Server 2000 not supported.
- 34 Includes access to 100MB of Storage space for one year from date of installation. Upgrade to next Peachtree release required to continue free yearly service beyond initial term. Subject to third party terms and conditions. Internet access required. Terms, conditions, pricing, features and service options subject to change without notice. Windows Server 2000, Windows Server 2003 and Terminal Services are not supported.
